A short introduction … (tell us about yourself in under 50 words)	
I am 34-year-old and live in Kristiansand and studying Online. Currently working a fulltime job besides my studies, as a logistics coordinator. I do most of my work at night or in the weekend. I hope to make/join a team that could handle my schedule.	

Your Availability

When creating (self-organising) teams for collaborative work it can be challenging to find times when you are all available to work together and hold your team meetings. You can use the following table to outline YOUR schedule, then share it with others to enable you to ensure that your final team will be able to collaborate during your time in Studio.

In the spaces below, please cross out the times when you will NOT be available to work outside scheduled classes on assignments with your team. Mark ONLY genuine conflicts, such as with classes or job responsibilities.
