I work as a Cyber Threat Analyst at a FinTech company, I have two dogs and I love hiking and camping and books. Stephen King ftw! I also love music, going to concerts and music festivals – mostly punk/hardcore/metal. I have a Master's in Social and Forensic Psychology and I'm interested in social and criminal psychology (duh), criminal behaviour, threat intelligence, cryptography and everything with a little bit of mystery in it.

Your Availability

When creating (self-organising) teams for collaborative work it can be challenging to find times when you are all available to work together and hold your team meetings. You can use the following table to outline YOUR schedule, then share it with others to enable you to ensure that your final team will be able to collaborate during your time in Studio.

In the spaces below, please cross out the times when you will NOT be available to work outside scheduled classes on assignments with your team. Mark ONLY genuine conflicts, such as with classes or job responsibilities.
